

Sun in Your Mouth!

Villa Certus Limoncello Spritz is a premium ready-to-drink cocktail crafted from an exclusive lemon infusion concentrate made with lemons grown on the gentle hillsides surrounding Lake Garda in northern Italy.

We gently infuse fresh Garda lemon zest in pristine water sourced from the Sarca River, whose crystal-clear waters originate in the alpine Adamello-Presanella mountains.

Using pure mountain water instead of alcohol, together with an exceptionally high proportion of lemon zest, allows us to capture remarkable intensity of flavour, aroma and natural colour while extracting virtually no alcohol during the infusion process.

This vibrant lemon infusion is then blended with an elegant, dry yet delicately floral Brut sparkling wine produced from Garganega grapes grown on the sun-drenched slopes surrounding Lake Garda.

The perfect balance of **60% Brut** and **40% lemon infusion** creates a refreshingly sophisticated spritz with an ideal alcohol content of **7% ABV**.

Alive with fine, lively bubbles, Villa Certus Limoncello Spritz offers enticing aromas of fresh lemon zest, Mediterranean herbs and bright citrus notes. Its velvety texture, vibrant freshness and perfectly balanced sweetness create an irresistibly refreshing cocktail you'll want to enjoy again and again.

Serve well chilled or over ice and enjoy whenever the moment calls for a taste of the Italian sunshine.
